

The last two years presented unique challenges, but we kept our focus on winemaking improvements and strengthening our organization and business relationships. The results are in the bottle, especially for Scotto Family Cellars Brut and Brut Rosé, which were recognized as the best domestic sparkling wines under \$20. My brothers, sister and I are proud to continue our great grandfather's tradition of striving for making better wines with every vintage, and this will continue to be our goal as we prepare for the 6th generation to join our family winery in the years ahead.

Anthony Scotto
